Understanding the DonorDrive Charity Fundraising Mobile App

Once logged in and registered for a Unite Walk, the DonorDrive Charity Fundraising Mobile App enables you to configure your fundraising experience and raise money on behalf of your local chapter. From customizing your own personal fundraising page to sharing it with friends, you will be able to actively impact the charity you are fundraising for while keeping up to date with the cause.

You

The You tab allows you to access and manage your personal fundraising information, such as changing your profile image, updating your fundraising goal, adding milestones, updating your story, sharing your page, and more. You can also make donations directly toward your personal fundraising goal.

- **Profile Image:** To edit your profile image, tap the edit icon or your profile image itself and choose:
 - Update Avatar - to select a new profile image from your mobile device.
 - Delete Avatar - to delete your current profile image.
 - Cancel - to exit out of editing your profile image.
- **Fundraising Goal:** To edit your fundraising goal, tap your thermometer, enter a new fundraising goal, and tap Save Goal.
- **Milestones:** The chapter may enable milestones, which are mini-goals along the way to your overall fundraising goal. To view or add a fundraising milestone, tap Add Fundraising Milestone. View a list of available milestones or tap Add Milestone to add a new milestone.
 - Enter your Milestone Amount and Milestone Description, and then tap Save Milestone. Repeat for all milestones you'd like to add.
- **Achievement Badges:** Achievement badges are awarded to you based on a specific action you've taken, such as reaching a specific total raised or editing your fundraising story. You can view all badges you've earned or badges you may be able to earn based on other actions you can complete, such as sending donation emails to friends and family.
- **Update Story:** To edit your fundraising story, tap Update Story , which takes you to your current fundraising page story. From there, you can import your story from a previous event (if applicable) or type a new fundraising story and also add in images or videos. Once you've finished updating your story, tap Update Story at the bottom.
- **View Page:** To view your fundraising page, tap View Page. This takes you to your personal fundraising page in an in-app browser.
- **Share Page:** To share your page with friends and family, tap Share Page. From there, you'll be able to send a text message, send an email to a friend, share to Facebook, send a tweet through Twitter, and share to many more social media platforms.

- **Copy Page Link:** To copy your fundraising page link, tap Copy Page Link. You'll see a Page link copied message appear at the bottom of the screen when the link has been successfully copied.
- **Incentives:** The chapter may enable incentives, which allows you to set certain donation amounts for your donors to choose from in exchange for something, such as a hand-written thank you note or shout out on your live stream. To view or add a donor incentive, tap Add Donor Incentive. View a list of available incentives or completed incentives; or tap Add Incentive to add a new incentive.
 - Enter your Donation Amount, Incentive Description, Image (optional), quantity (either unlimited or a set amount), the dates the incentive is available (leave disabled if you want them available for the length of the event you're participating in), and a fulfillment note (optional) if you need any additional information from the donor such as their address to send a hand-written thank you card or their stream name if you're shouting them out on your live stream. Then tap Save Incentive. Repeat for all incentives you'd like to add.
- **Donations:** To view the donations you've received or to make a donation, tap Donations. From there, you'll see a list of past donations and a button to make a donation if you'd like. If you tap a past donation, you can mark the donation as thanked or say thank you to the donor. If you tap Make a Donation, you'll be taken to an in-app browser to complete your donation.
- **Make a Donation:** To make a donation, tap Make a Donation. From there, you'll be taken to an in-app browser to complete your donation.
